## HPL

The perfect premium High Pressure Laminates applied to a 1" thick premium quality birch hardwood plywood top to create an attractive, eye-catching surface that is both durable and stylish. Available in six standard extraordinary laminate colors that will complement and enhance your décor.

## Solid Surface

Nonporous, stain-resistant, and easy to clean, are a few of the reasons Solid Surface is an ideal material for healthcare, corporate and educational environments. It is extremely durable and easily renewed, because the color runs through and through. A 1/2" Acrylic Solid Surface top is applied to a 1/2" premium quality birch hardwood plywood panel.

## Quartz

Quartz creates unique surfaces with the true elegance you demand of natural stone and the hard-working performance everyday life requires. Unlike other stone materials, you never have to seal, polish or recondition the surface to maintain its luster. Available in multiple colors, 3 cm thick, that will be the perfect accent for any space.

Constructed by welding curved steel rods to circular frames, Brooklyn Occasional Tables are distinctive pieces that can brighten up and add modern elegance to any space. We use a premium birch hardwood plywood layer that creates additional warmth and helps to ground the design. The collection offers 5 sizes and a wealth of top material and finish options.
