

## Oly Series Specifications

Manufactured using the highest grade veneers and hardwood solids with our 'Coriander Finish' that exceeds industry standards. We can also incorporate any high pressure laminate into the work surfaces to meet your design needs.

Oly work surfaces and end panels are made from 1 ¼" industrial grade wood core material with an engineered veneer or high pressure laminate tops and gator-backed balancing sheets. Laminate tops are available with a matching 3mm PVC Trim.

Case sides, drawer faces and modesty panels are made from ¾" industrial grade wood core material wood veneers and laminates. All drawer faces in the Oly Series come with one of two option of drawer pulls.

Drawers are constructed using ½" thick 7 ply maple plywood sides and a ¼" thick maple plywood bottom. Locks are standard on all pedestal drawers.

File drawer slides have a 150 lb. rating with a 1" over travel and steel ball bearings.

Box drawer slides have a 100 lb. rating and a one inch over travel extension.

Adaptive dampening soft close hinges are standard on all Oly series doors.

Optimal strength and durability with the highest level of precision is achieved as all components are cut, edge banded and bored using computer controlled equipment with down pin joinery as standard.

For all wood units a stain / seal coat of high solids - water white varnish, including a UV Block, is applied, followed by four coats of 20% sheen varnish with hand sanding between each coat.

Modesty panels are connected using Mod-Ease Clips for easy, secure installation.

All Oly products are available in Oly Series standard wood species and laminate finishes. In addition to our standard finish options, we also offer custom colors.
